# WHAT IS A BLANCO UNIT?

Everything you need, all in one place.

**BLANCO UNIT**  
drink. prep. clean.

A BLANCO UNIT is a seamless, fully-integrated kitchen water hub solution designed to make everyday life in the kitchen easier. The combination of a BLANCO sink, faucet and accessories streamlines how you operate in the kitchen and enhances your experience with water. Everything you need to **drink, prep and clean** is all in one place.

The water place plays a vital role in kitchen activities, over 60 percent of kitchen time is spent in this space. The BLANCO UNIT meets your needs by being a source for drinking and cooking assistance, a station for food preparation and a system for cleaning up life's messes.

There are endless opportunities to customize your BLANCO UNIT based on your design and functional preferences. Look to our suggestions to build a UNIT that resonates with your household lifestyle. No matter your selection, you can trust BLANCO with over 95 years of international experience bringing high-quality products and solutions to your kitchen.

## DRINK

**Your source of water.** Water plays an essential role in kitchen life. When it comes to accessing water in your kitchen, you want a smart and trustworthy solution. A BLANCO UNIT will provide you with a beautifully-designed faucet that is functional and intelligent.

## PREP

**Focus on the food.** Having a well-thought-out solution that simplifies your workflow will make things easier and save you time. Put your energy and focus into your next culinary masterpiece with the help of a BLANCO UNIT. Premium sink and accessory combinations streamline meal prep and reduce clean-up.

## CLEAN

**Clean up as you go.** Life in the kitchen can get disorganized, especially under the sink. Complete your BLANCO UNIT with the BOTTON II, an organization system designed to hold cleaning supplies and recycling material under the sink and out of sight. Don't sacrifice space, maximize it.

# HOW TO CHOOSE A BLANCO UNIT?

Seamlessly integrated sink, faucet and cabinet organization.

## Planning a kitchen

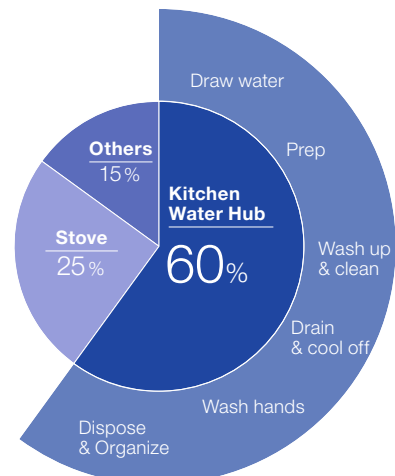

Kitchen planning starts with people. From eager foodies to gourmet chefs, we all actively use kitchens and appreciate them as the heart of our homes. We are all different, but we all want to enjoy the time we spend in the kitchen. Detailed measurements and an understanding of access points for water, drainage and power supply are critical parts of the kitchen planning process. Every kitchen has three key areas: the water hub (sink and faucet), the cooking area (oven and stove) and storage (cabinets and refrigerator). Together they form the working triangle. When defining these three spaces, try to keep the distance between them tight while still allowing enough space for safe maneuvering.

## The key role of the water hub

The busiest area in the kitchen is the water hub, where we spend over 60% of our time. Although usage varies, we all generally use the water hub in similar ways: the cleaning station to eliminate dirt and bacteria from food and kitchenware, the hand-washing station, the source of cooking & drinking water and as a disposal area for food waste and liquids.

## Know your options

Style, color and material combinations are key factors in building the right kitchen water hub. Mix and match our products and create the perfect combination that appeals to your customers' style and meets the needs of their lifestyle.

**A BLANCO UNIT starts with a sink**

There are strong trends in kitchen design for various sink styles, but the decision should be made based on how the water hub will be used. There are many options to consider: farmhouse or standard undermount, single bowl or double bowl, Silgranit or stainless steel. With so many great options, it helps to take a few minutes to consider the priorities of your customer.

**Faucet styles, features & finishes**

Our high-quality faucets are easy to use and durable. Sustainably re-engineered with water saving benefits, determine what style will fit the design of your customers' kitchen. Make sure your customer also understands critical faucet dimensions like height and reach. This will ensure there is adequate clearance above the faucet and that it's proportionate to the size of your sink.

**Enhance with functional accessories**

Find the right accessories that support the way your customer will use their kitchen. Enhance their UNIT with a soap dispenser, cutting board and foldable grid to create a seamless workflow experience. Accessories will help customize a UNIT to meet specific needs.

**Maximize your base cabinet**

The combination of a BLANCO faucet and sink has benefits that will last a lifetime, but to truly make the most of this area, you must organize it! Sink cabinets have great potential for optimizing workflow by keeping cleaning products and/or recycling items organized and easily accessible, providing a clean, flexible solution right where it's needed.

**Get inspired**

As a starting point, we recommend finding inspiration for your customers' UNIT on the following pages. They contain a curated selection of products that seamlessly combine to create amazing water place experiences. Turn daily chores into joyful moments with a practical and beautiful BLANCO UNIT.

# SILGRANIT® SINKS

Beautiful. Strong. Clean.

**Silgranit sinks are admired around the world for their exclusive styles and designer color palette.** The kitchen has become a central point in our homes and a reflection of our lifestyle. And your sink is an integral part of your daily kitchen routine. With such a wide assortment of styles, configurations, colors and sizes, we know you will not only find, but also fall in love with your new Silgranit sink.

# SILGRANIT® SINKS

Over three decades of material development.

SILGRANIT® Sinks

## BEAUTIFUL

**Exclusive Design.** Our Silgranit portfolio is offered in variety of different colors and features an extensive range of exclusive sink designs for you to choose from. Modern farmhouse styles and spacious undermounts in striking hues like our latest Soft White and Volcano Gray, will make your Silgranit sink the statement piece you've been looking for.

## STRONG

**Unsurpassed Durability.** A Silgranit sink is the ultimate choice for long-lasting kitchen bliss. Silgranit sinks use advanced engineering to produce a material that easily withstands everyday wear and tear. Scuff marks from knives and heavy pots, boiling water, hot pans and baking trays straight from the oven don't stand a chance against Silgranit.

## CLEAN

**Easy to Clean.** Silgranit has a non-porous, smooth stone surface that repels water and liquids, making it easy to clean and maintain. This low-maintenance, long-lasting material will help make life in the kitchen easier.

Silgranit sinks are made of up to 80% quartz sand, the hardest element of natural granite. BLANCO was the first granite composite sink manufacturer to meet the Terrazzo, Concrete and Natural Stone Plumbing Fixtures Standard (CSA B45.8-18/ IAPMO Z403-2018). Silgranit sinks are tested, certified and listed as a composite stone material and are proudly made in Germany and Canada.

# SILGRANIT® COLORS

Palette of nature-inspired hues.

SILGRANIT® Sinks

## SOFT WHITE

**Calming. Organic. Serene.**

A light gray with nuances of beige that adapts well to warm and cool tones. Influenced by natural, untreated elements, like sandstone and linen, this airy color creates a serene kitchen setting.

## VOLCANO GRAY

**Earthy. Rich. Versatile.**

A matte mid-tone gray that complements darker industrial and traditional kitchens. Pulling stone-like inspiration from volcanic ash and natural clay tones, this genuine gray has subtle hints of brown that reflects warmth.

## BLANCO SILGRANIT® COLOR PALETTE:

# LIVEN™ KITCHEN & LAUNDRY SINKS

Featured Collection

SILGRANIT® Sinks

**Every space deserves to be beautiful.** Smart design should permeate every corner of the home. Our LIVEN sink collection is expanding beyond the laundry room to the kitchen. The LIVEN offers a deep bowl and clean, modern design in a variety of sizes and colors to choose from. Pair with a BLANCO faucet, functional accessories and organization systems for a complete BLANCO UNIT in the kitchen, pantry or laundry room.

# PRECIS™ SINKS

Featured Collection

SILGRANIT® Sinks

The PRECIS collection is one of our largest sink families with over 10 different sink models offered in a range of interesting styles. Modern design details and crisp, clean lines define the PRECIS family; tight radius corners, raised platforms for mesh baskets and low bowl divides to name a few. A wide selection of BLANCO accessories such as grids, cutting boards and baskets are also available, bringing design and culinary experience to the next level.

# FEATURED COLLECTIONS

## DIAMOND

**Precious design captured in stone.**

Name the shape, name the application – our DIAMOND collection has you covered. With an impressive assortment of 13 different models to choose from, DIAMOND sinks are larger in size than other sink families and offer both undermount and drop-in options with convenient features and a wide selection of accessories.

## PERFORMA

**Embrace in the performance, function and beauty.**

Indulge in the ultimate performance of this colorful, functional and sleek collection. With unique shapes and lower 6" divides, you can easily maneuver long-handled pots or large pans right inside the sink. Made in Canada and engineered in Germany, PERFORMA sinks are available in a wide range of Silgranit colors.

## VALEA

**The everyday sink that goes beyond everyday expectations.**

Spacious and durable, the VALEA is designed for hardworking kitchens. Featuring the rock hard durability of Silgranit, VALEA offers the convenience of low divide options, and a beautifully designed gentle shape that is comfortable and practical. This spacious sink is offered in our full assortment of Silgranit colors, bringing long-lasting style into the kitchen.

# ADA SINKS

Greater accessibility by design.

SILGRANIT® Sinks

Everybody can appreciate a kitchen that is spacious, organized, safe and well planned. Effective design provides greater accessibility and implements the unique principles of universal design in a way that helps aging generations and people with disabilities truly engage with their environment.

Accessible design incorporates long term design elements that provide flexibility for families, couples and individuals with a diverse range of ages and abilities. Kitchen designers recognize the sink space as an important part of the working triangle, formed by the sink, stove and refrigerator. An efficient kitchen maximizes independence and maneuverability, while also keeping this working triangle compact.

## Accessible water hub

BLANCO helps keep the sink area functional and accessible by offering ADA B651 compliant sinks.

## Undermount Installation

BLANCO ADA compliant sink models are available with an undermount installation. This provides more flexibility for the location of the faucet – install it behind or beside the sink.

## Easy to use faucets

BLANCO has an assortment of single lever and automatically activated faucets – providing easy control of water temperature, flow and direction.

# STAINLESS STEEL SINKS

Over 95 years of experience in kitchen technology.

BLANCO offers the ultimate in stainless steel quality and craftsmanship. A stainless steel sink is timeless and integrates beautifully in any kitchen environment. Built with superior steel, convenient features and German engineering, BLANCO offers a wide range of stainless steel sink styles designed to suit a variety of floorplans and design themes.

Made from premium quality 304 series, 18/10 chrome-nickel content, BLANCO stainless steel sinks are engineered in Germany to exacting standards of precision. BLANCO sinks and faucets are supported by a Limited Lifetime Warranty.

Stainless Steel  
Sinks

## QUALITY

BLANCO sinks are made from superior quality stainless steel with 18/10 chrome-nickel content. BLANCO stainless steel sinks will keep their brilliance and value for decades.

## DURABILITY

Stainless steel is impervious to water stains and calcium deposits and is easy to maintain. It is non-porous, rust and stain-resistant. BLANCO stainless steel is also heat-resistant.

## DESIGN

BLANCO's stainless steel selection offers a wealth of design options and product features. Rounded or tight corners, different bowl depths, sink shapes and configurations – you can discover them all.

## ACCESSORIES

Sink grids, cutting boards and colanders are offered with many BLANCO stainless steel sink models to create the ultimate BLANCO UNIT experience.

# FARMHOUSE SINKS

A true commitment to farmhouse sink design.

Farmhouse Sinks

Enjoy that timeless farmhouse charm, without the farm. From traditional country farmhouse to contemporary urban condo kitchens, BLANCO has the perfect apron-front sink for every kitchen design. Choose from over 60 different sink models in this iconic sink style from three of the finest, most durable materials.

## SILGRANIT

Add color to your farmhouse sink with the IKON and VINTERA collections.

## STAINLESS STEEL

Our QUATRUS R15 farmhouse collection combines traditional and contemporary style.

## FIRECLAY

Old world elegance meets modern design with a smooth, glossy surface.

# VINTERA™ APRON FRONT SINKS

Featured Collection

Farmhouse Sinks

Flushmount installation

Undermount installation

Slim apron design

The combination of vintage inspiration and modern design brings the new VINTERA farmhouse sink collection. With all the material advantages of Silgranit, a slim 6 1/2-inch apron and a generous 9-inch bowl depth, the VINTERA is both spacious and sleek. This farmhouse family launches in two models, the VINTERA 30 Super Single and the VINTERA 33 Equal Double.

Its streamlined apron design and versatile installation capabilities are what make this farmhouse family so exceptional. Farmhouse sinks are typically installed as undermounts, but the VINTERA allows for a striking flushmount installation – visually showcasing a beautiful rim of Silgranit color. The VINTERA collection offers homeowners a modern, clean, simplified version of the apron front sink style.

# IKON® FARMHOUSE SINKS

Featured Collection

Farmhouse Sinks

The IKON collection combines the popular farmhouse style with the added benefits of our patented Silgranit material. With its prominent 10" apron, the IKON is the perfect farmhouse sink for relaxed, modern country kitchens boasting craftsmanship and rustic charm. The IKON collection is a fresh take on a classic style, made in a durable material that will withstand the demands of your busy family. The revolutionary IKON collection comes in all nine Silgranit colors in four different models: IKON 33, IKON 33 1-3/4 LOW DIVIDE, IKON 30, and IKON 27. IKON sinks feature custom accessories and a slightly angled apron design, adding a subtle, architectural detail.

Optional accessories - floating grid and mesh basket

Rounded corners and smooth Silgranit material

Beech cutting board available for all IKON models

# PROFINA™

The perfect companion for home chefs.

Farmhouse Sinks

Innovative ledge

Beech cutting board (included)

Dish rack (sold separately)

The PROFINA farmhouse sink strives for a truly modern country experience with home chefs in mind. This massive 36-inch wide galley-style apron sink features a unique design with an innovative accessory ledge, adding functional convenience and ergonomic comfort. The PROFINA is the perfect companion for prepping, cooking and cleaning - featuring a beech cutting board and floating dish rack that fits perfectly along the inside ledge of the sink.

# CERANA™

Authentic. Unique. Versatile.

Farmhouse Sinks

The CERANA farmhouse sink is the first ceramic sink to provide a reversible sink design with two different apron styles to choose from. On one side, there's a slightly more traditional apron design with larger, open, rounded corners. On the other side, a slightly more contemporary look with tighter, angled corners. This versatile, reversible installation option lets you decide which apron to showcase in your kitchen.

# BLANCO FAUCETS

Designed to Last.

## WATER CONSERVATION

All BLANCO faucets are available with 1.5 GPM, providing water-saving benefits while still delivering strong water performance.

## PREMIUM QUALITY

BLANCO faucets are made of solid brass construction, with pressure resistant ceramic cartridges that are smooth in operation.

## CONVENIENT FEATURES

Many faucets include patented silicone nozzles – simply rub the nozzles with your fingertip to prevent buildup from limescale deposits.

## FUNCTIONAL DETAILS

Pull-out sprayheads, dual spray, magnetic docking arms and sensor technology provide the ultimate convenience in the kitchen.

## EASY INSTALLATION

All BLANCO faucets are equipped with color-coded, quiet functioning, flexible braided stainless steel inlet hoses.

Note: All BLANCO faucets require the same size, 1 3/8" diameter drilled faucet hole. All faucet parts that are required for installation are included in the faucet packaging.

All Faucets come with a Limited Lifetime Warranty - see page 166 for full warranty

All Soap Dispensers come with a Limited 1 Year Warranty - see page 166 for full warranty

# NEW SATIN DARK STEEL

Joining BLANCO's range of extraordinary finishes

Introducing the next generation faucet finish, Satin Dark Steel, a metallic dark gray. This stunning hue gives a sophisticated shine and pairs beautifully with Silgranit's Volcano Gray, Truffle and Coal Black for a contemporary statement.

Faucets

## Silgranit

Perfectly match your Silgranit sink to a dual- or full-finish faucet in the same color for a monochromatic look.

## Matte Black

Whether you need a pop of contrast or a dramatic accent, our Matte Black is a versatile finish.

## Satin Gold

Unlike deeper-toned brass and bronze faucets, Satin Gold receives a warm welcome for its modern, soft hue.

# VARIETY OF OPTIONS

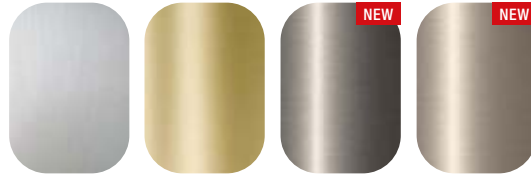

Coordinate in metal or match with SILGRANIT.

## RIVANA

Where form and function unite. The RIVANA collection delivers powerful performance with sleek design aesthetics. Blending organic shapes with ergonomic function, the full RIVANA collection features the RIVANA Semi-professional, High Arc, Bar faucet and soap dispenser.

Faucets

## EMPRESSA

The EMPRESSA suite is the perfect example of classic European design infused with modern features. Inspired by German wine country, the EMPRESSA works beautifully with modern farmhouse sink styles. The full EMPRESSA collection includes the Bridge, Semi- Professional, High Arc, Bar faucet plus soap dispenser.

# ENJOY MORE COLOR

Match your faucet with our SILGRANIT sinks.

## URBENA

Recognized with the prestigious Red Dot Design Award, the URBENA kitchen faucet collection is the ultimate blend of function and design. Intelligently-designed with convenient features, like a hidden sprayhead activated by an almost invisible control button and an ergonomically angled faucet handle that controls water with ease.

## LINUS

A beautifully-designed kitchen deserves an equally beautiful faucet. The sleek low-profile design of the LINUS has a fully-insulated pull-out handspray and low-profile, angular design. Available in a wealth of full color finishes, the LINUS collection coordinates perfectly with all Silgranit sink colors.

## ARTONA

Winner of the Red Dot design award, the ARTONA collection is defined by artistic forms and hardworking features. A high-arc, gooseneck spout and wavy, organic body adds a sculptural element perfect for transitional kitchens or laundry rooms. A complementary bar faucet and soap dispenser complete the ARTONA collection for a full suite.

# ACCESSORIES

Complete your BLANCO UNIT with custom accessories.

**Go beyond the basics with next level meal prep tools.**

BLANCO accessories are designed to make life in the kitchen easier. Available for undermount, drop-in and farmhouse sink varieties, accessories work together with your sink and faucet to create a seamless, highly functional kitchen water hub experience. Customize your BLANCO UNIT with our wide range of high quality, innovative accessories tailored to meet the needs of your busy lifestyle. BLANCO accessories offer the highest quality in material and workmanship and are designed to custom fit a wide range of sink models.

## GRID SOLUTIONS

The foldable grid, which fits a variety of sinks and bowls, is a multi-purpose tool to support food prep and clean up.

## COLANDERS AND BASKETS

Colanders and baskets can be used for drying dishes or for rinsing fruits and vegetables.

## CUTTING BOARDS

A wide variety of quality cutting boards are available in ash, beech, walnut, red alder and glass.

## CLEAN WITH CARE

BLANCO CLEAN is a sink cleaner that helps prevent build-up of limescale and other substances. Available for both Silgranit and stainless steel sinks.

## COLOR-COORDINATED DRAINS

Missing the finishing touch? BLANCO color-coordinated drains can be paired with our Silgranit sinks for a color-coordinated statement. Or choose stainless steel for a classic look. Our basket strainers and waste flanges fit the universal 3.5" drain opening.

## CAPFLOW

An elegant way to hide unsightly food particles trapped in your strainer. A diameter of 4 1/2" seamlessly covers standard 3 1/2" drains. Its flat surface reduces splashing and raised feet allow water to flow freely.

# KITCHEN SINK GRIDS

## FOLDABLE GRID

This multi-purpose sink accessory is designed to maximize space above the bowl. Use it as a rack for rinsing produce, drying dishes, heat protection for countertops or a practical addition to the worktop to help ease prep and fill pots.

## FLOATING GRIDS

Floating sink grids gently hover above the sink bottom, and can be used as a secondary level for cleaning and prepping. Strong enough to hold the weight of heavy pots and pans, BLANCO floating grids can also be used as a countertop trivet!

## BOTTOM GRIDS

Custom-fitted stainless steel bottom grids protect your sink from dishes and utensils. Constructed of high-quality stainless steel, our sink grids not only protect the bottom of your sink from everyday wear and tear, they also add another layer of functionality.

# CUTTING BOARDS, COLANDERS & BASKETS

## CUTTING BOARDS

From Beech, Walnut and Ash Compound to Red Alder – BLANCO cutting boards offer a superior cutting surface. Featuring rubber feet for safe use on countertops, our cutting boards are custom fit to conveniently glide over your sink, creating the ultimate workstation.

## COLANDERS

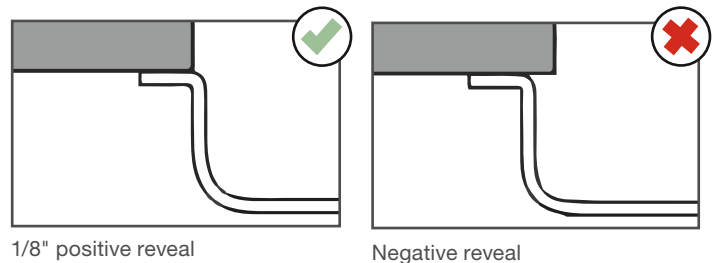

BLANCO colanders are designed to conveniently hang over your sink. Made of stainless steel, they are both durable and dishwasher safe. Our ERGON stainless steel sink features a built-in accessory ledge

## MESH BASKETS

Our dishwasher-safe, stainless steel baskets are the ultimate prep companion. Sturdy, rubber-capped feet keep it slightly raised off the bottom of your sink. Mesh baskets are multi-functional and can be used for washing fresh produce or as a drying rack for glasses and utensils.

For cutting boards, colanders, baskets and other accessories that need to hang on the ledge of the countertop, BLANCO recommends a sink installation with a 1/8" positive reveal around the bowl to ensure a proper fit. Accessories may no longer fit if the sink is installed with a negative reveal.

# Accessories for BLANCO sinks

# SINK AND FAUCET CARE

## How to Clean SILGRANIT

**Daily cleaning:** to clean marks and everyday traces of use from your sink, all you need is a sponge, mild dish soap or baking soda and water:

- Moisten the sponge under running water
- Add a small amount of dish soap or baking soda onto the soft side of the sponge
- With the soft side of the sponge, wipe in small, circular movements
- Rinse your sink with clean water and dry it with a microfiber cloth

**Weekly cleaning:** Limescale is a common challenge for Silgranit sinks. Did you know that most stains are caused by discoloration adhering to limescale? When you remove limescale, you also remove stubborn stains. We recommend removing limescale before starting any deep cleaning process. BLANCOCLEAN Daily+ for Silgranit or any mild acid-based cleaners (like lemon or vinegar) will remove limescale.

- Pour BLANCOCLEAN Daily+ on the sink area to be cleaned
- Leave for 1-2 minutes to take effect
- Wipe with a wet cloth or soft sponge
- Rinse the surface with water and dry with a microfiber cloth

**Deep cleaning:** once or twice a year we recommend to deep clean your sink with a mild liquid/gel laundry detergent:

- Close the sink drain
- Distribute the liquid/gel laundry detergent evenly onto the sink surface
- Fill the sink with hot water (heated up to 60°C / 140°F)
- Leave it to work at least 2 hours or ideally overnight
- Drain the solution and rinse the sink thoroughly with water
- Dry with a microfiber cloth

# SINK AND FAUCET CARE

## How to Clean Stainless Steel

---

**Daily cleaning:** stainless steel surfaces are best cleaned immediately after use.

This helps prevent limescale. The process is quite simple:

- Squeeze some dish soap onto the soft side of a sponge
- Wipe the stainless steel surface in the direction of brushed finish
- Rinse with clean water and dry with a microfiber cloth

**Weekly cleaning:** BLANCOCLEAN Daily+ for stainless steel is a gentle formula that provides extra care to reduce limescale and soap scum buildup. Regular use is recommended to extend the life of your BLANCO sink.

- Pour BLANCOCLEAN Daily+ directly onto the sink
- Let sit for 1-2 minutes to take effect
- Wearing a glove wipe with a wet cloth or soft sponge
- Rinse the surface thoroughly and dry with a microfiber cloth

**Avoid these cleaning mistakes:**

- Do not use aggressive cleaning agents, abrasive cleaners or bleach containing hypochlorite
- Do not use cleaning baths for silver
- Do not use prickly brushes or the scratchy side of sponges (especially pot scouring pads)
- Never use steel wool for cleaning

Aggressive cleaners and brushes can cause scratches and permanently damage the surface of your stainless steel sink. Learn more cleaning tips for stainless steel by visiting our website: [blanco.com/sscare](http://blanco.com/sscare)

## How to Clean Faucets

---

**Daily maintenance:** When turning off your faucet with wet hands, you almost always leave drops of water on it. These dry and leave limescale behind. Visible limescale can form quickly, particularly in regions that have hard water. If you have hard water, you should dry the surface of your faucet with a microfiber cloth after each use. This will allow you to extend the intervals between regular cleanings.

**Regular cleaning:** Regular cleaning: If limescale has formed on your faucet, treat this with a mild, organic acid, e.g., lemon or vinegar. Important: before applying the substance, check whether your surfaces are resistant to acids. To remove limescale:

- Apply the cleaning agent to the soft side of a sponge and wipe the faucet down thoroughly
- Be sure not to leave acid-based cleaner on for longer than indicated on the package instructions
- Avoid lengthy, vigorous scrubbing with the rough side of a sponge, this can leave scratches
- Rinse the faucet with clean water and dry with a microfiber cloth

# RETURNED GOODS AUTHORIZATION

## RGA Process For Uninstalled Products

---

- Please note that our policies, procedures, and contact information regarding ALL returns has changed.
- All returns regardless of product and/or part must be accompanied by a Return Goods Authorization Number (RGA) issued by BLANCO America.
- **BE ADVISED that our Returned Goods Authorization (RGA) system is for UNINSTALLED PRODUCTS ONLY** and now classified into two separate types with specific processes and requirements noted below. (1) Quality concerns and shipping damage and (2) All Other RGA's
- All items must be returned in their original carton and in saleable condition.
- Product must be listed in current price book.
- Product must not be altered (i.e. faucet hole drills).
- **IMPORTANT NOTE: All Return Authorizations will expire 30 days after issue.** Return Authorized products must be received within 30 days or credit will be denied. Credit will also be denied for return shipments that are not accompanied with a pre-approved Return Authorization.

## Damaged or Defective RGA's

---

1. RGA requests for uninstalled damaged or defective products must be submitted through our online form within 90 days of purchase. Email cc.na@blanco.com with any questions regarding an RGA claim.
2. **RGA requests must include:** (A) reason for request, (B) the BLANCO Model Number, (C) Purchase Order Number, (D) clear photo of the area in question on your product, and (E) a full view of the entire product photo. SILGRANIT® RGA requests require an additional photo of the molding label which can be found on the bottom of the sink.
3. DAMAGED or DEFECTIVE RGAs must be approved only by BLANCO's Customer Care Department with requests submitted via our online form..
4. BLANCO will determine if the product must be returned. Disposition granted as "Authorization to Destroy on Site" via approved RGA will result in immediate credit. Disposition granted as "On Site Review" requires the product be returned back to BLANCO in order to proceed with evaluation of the request.
5. Once approved by BLANCO for physical return, you will receive a prepaid UPS shipment label. Apply this to the carefully packaged product. The Returns Authorization MUST BE INCLUDED with the return package.
6. Call UPS for a pickup at 1-800-PICK-UPS (1-800-742-5877) or drop off at a UPS shipping location.
7. **IMPORTANT NOTE: All Return Authorizations will expire 30 days after issue.** Return Authorized products must be received within 30 days or credit will be denied. Credit will also be denied for return shipments that are not accompanied with a pre-approved Return Authorization.

## All Other RGA's

---

1. RGA requests for uninstalled NON-damaged sellable products must be submitted through our online form. Email cc.us@blanco.com with any questions regarding an RGA claim.
2. **RGA requests must include:** (A) reason for request, (B) the BLANCO® Model Number, (C) Purchase Order Number.
3. 25% restocking fee applies to returns. All returns must be made by freight prepaid by sender and the sender must assume all responsibility for shipping damages that may occur. If a product is received damaged, there will be no credit issued. BLANCO America Inc. reserves the right to limit and or refuse any returns.
4. **IMPORTANT NOTE: All Return Authorizations will expire 30 days after issue.** Return Authorized products must be received within 30 days or credit will be denied. Credit will also be denied for return shipments that are not accompanied with a pre-approved Return Authorization.
